HEALTH OF THE CITY. For the twenty-four hours preceding 3 o'clock yesterday, there were five interments in the city cemetery, of which only one was of a person dying of cholera. There was no new case of cholera yesterday, and we do not suppose the city was ever more entirely healthy at this season of the year than it now is. The weather is delightfully pleasant; and little care in abstaining from unhealthy vegetables and fruits will preserve it so.

RECORDER RAWORTH'S COURT.-Yesterday, A. Patterson, John Murphy, Martin Bergen, James Higgins, and Michael Mohan, were before Esq. RAWORTH, charged with the malicious stabbing of John Duggan, with intent to commit murder in the first degree. They were all held to bail in \$2;000 each, with security in the same amount, in default of which they were committed to jail.

The men committed, we understand, were deck hands on the Huntsville. The fight occurred on Water street, night before last. Duggan died yesterday of his wounds.

A New Novel .- It is stated that Mrs. Ann S. STEPHENS is about to publish a new novel, entitled "Fashion and Famine." The editor of the New York Express, who has seen the proof sheets, pronounces it a remarkable work, and predicts for it a great run. Mrs. Stephens is one of the ablest female writers in American.

DEATH FROM THE BITE OF A MAD DOG,-We learn from the Cincinnati Commercial that Mr. John CROOKEN died in that city of hydrophobia Friday evening. He had been bitten by a mad dog about three weeks previous. The wound was healed up, and nothing further thought of it, until Thursday evening last, when he complained of feeling unwell, Friday he was taken with convulsive spasms, which gradually increased towards noon, when he became so violent as to require the strength of six and seven people to hold him. His appearance was shocking in the extreme, foaming at the mouth, his eyes protruding from his head, and his limbs wildly and convulsively tossed about, as the spasms seized him. Ever and anon he would shriek for water, and again entreat those present not to drown him. A little after noon, the worst symptoms presented themselves, and shortly after one o'clock the poor fellow died in the greatest agony. Some one called RICHARD STEELE the "vil-

est of mankind." He reforted, with proud humilify, 'it would be a glorious world if I were." 100 The English papers state the steamship

of Tonnessee, is pretty generally agreed upon among the members of his party to be the next whig candidate for the presidency, with the Hon. Joseph R. Chandler for Vice President.
This fact very readily accounts for Mr. Bell's vote

No. 59, Lower Market street MANNY'S REAPING AND MOWING MA-CHINE.

THE undersigned having secured the right to this State of fers for sale Maney's Patent Reaper and Mower's awarded the first premium for Mowing and the second for Reaping, at the New York State Fair, in the trial in Geneva and New York in July 1852, in competition with eleven other Machines; awarded a Silver Medal at the Ohio State Fair for the best Reaper and Mower, and receiving the highest award at the Vermont and Michigan State Fairs for the best Reaping and Mowing Machine.

The true merit of this Machine has given it a triumph over all others, and being a perfect combination of a Reaper and Mower, it comes to the Farmer with double value.

The price of the Machine delivered at Nashville is \$175. For the successful performance of this Machine I refer to the certificates below of Doct. John Shelby, and L. E. Bradley.

NASAVILLE, June 28, 1853.

Col. L. P. Chratham—Dear Sir—I have been using the Reaping and Mowing Machine patened by Maney of Illinois, which you are offering to the citizens of Tennessee. It is a first rate labor saving Machine. It works neatly and rapidly. The amount cut per day will depend principally upon the speed of the team. If the team can travel four miles per hour it will reay or mow 15 acres in 10 hours. It is entitled to the confidence of the public. Respectfully, J. SHELBY. J. SHELBY.

I, L. F. Bradley, now managing the farm of Dr. Shelby, make the following statement. We have had for more than one week one of Col Cheatham's Mowing and Reaping Machines, we have tried it in Clover and grain blown down and tangled, and I state that it mows and cuts cleaner than the scytheblade; and will mow per day as much as 14 hands and it can "*Lat least 24 acres per day.
